He said that the City is losing 4.53 million gallons of water per month and is 79.6% efficient on average. He suggested that by purchasing seven water meters the City could mitigate its water loss. Next, City Clerk Andrew Croessman provided a presentation that identified each meter that should be replaced. He said that the total cost to replace these meters is \$35,735. His estimates suggested that the City could expect to gain 1.05 million gallons per month and increase its efficiency by 4.66%. This would provide marginal revenues of \$72,696 per year.

C. Commissioner Spencer opened discussion regarding amending the Weed Ordinance to address clarification and uniformity issues. He said that the City is having a hard time getting property owners to cut their grass. He suggested that the City post signs in yards to get grass cut. Commissioner Genesio suggested that the City make personal contact to get grass cut. If that did not work, then, give them a warning. If both of these measures did not work, then, give them a ticket. After much discussion, Mayor Alongi suggested a special meeting be held to sort out the details. No further action was taken.

**Other Business:**

Mayor Alongi said that the City needs to come up with a solution to maintain City Lake roads. He said that Perry County is collecting road district tax on those roads, but will not maintain them because they do not meet standards. The best solution would be for the City Lake residents to form a park district and levy taxes to maintain their roads. However, this does not have much support. Mayor Alongi suggested that the City sell a 25 acre and 30 acre parcel and use the proceeds to create an endowment to maintain the roads. The Council consented. City Attorney Aaron Atkins said he would pursue the quiet title process for the 25 acre parcel. No further action was taken.

**Commissioners' Comments:**

Commissioner Ward thanked Ron Darnell for his work, and asked everyone to keep Pinckneyville Mayor Robert Spencer in their prayers.

Commissioner Spencer shared the same sentiment as Commissioner Ward, and added that he is working to sell the rest of the gun raffle tickets.

Commissioner Genesio said that the sidewalk project in front of City Hall was progressing well and that the remainder of the project would be completed after Street Machine Nationals.

Commissioner Whitley asked Mayor Alongi how the car raffle tickets were selling.

Mayor Alongi said that the car raffle tickets were selling well and that the City has roughly 700 left. He added that he received permission to sell tickets at Street Machine Nationals. Lastly, Mayor Alongi said that the City would not ban glass bottles at the Street Machine Nationals this year. He said that they have not been a problem in the past and wanted to remove the burden from businesses to stock cans only.
